6 X 9 ROUND EMITTER BOX

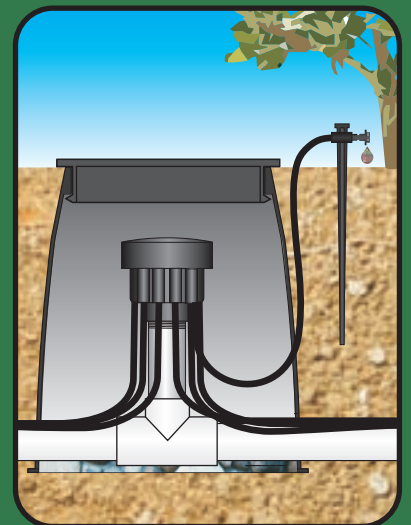

The compact design of the Landscape Products 6 X 9 Round Emitter Box allows it to be installed in areas with minimal space.

Durable construction helps the 6 X 9 Emitter Box maintain its integrity under the load of lawn maintenance equipment and human traffic. Recommended for installation in areas where there will not be heavy vehicular traffic.

Maximum protection and easy access for most sizes of multi-outlet emitters.

The high density polyethylene material will not deteriorate even after years of service. Economical yet durable making it a worthwhile investment for the irrigation contractor.
