

EZ Kleen Y-Filter

A good idea made better.

An all purpose filter with an improved cleaning plate and specially designed elongated slots. These maintain a cleaner screen by forcing the incoming dirty water to spread across a greater portion of the inside wall of the screen. The overall compact design of the filter allows for easier installation in minimal space.

Features

- 3/4-inch and 1-inch male IPS inlet and outlet options
- 3/4-inch MHT flush with cap
- Replacement stainless steel screen (12000389)
