

Quick Coupling Valves

Quick Coupler Solutions for Every Application

Solutions for Every Application

- **Wide Range of Quick Coupler Solutions**
Offering a full line of quick coupling valves for both potable and recycled water applications.
- **Landscape Products Quick Coupling Valves**
Specifically designed for any irrigation project that requires in ground durability, quick water access and resistance to vandalism.
- **Our Quick Coupling Valves**
Engineered and manufactured for years of reliable daily use.
- **Durable Design**
Manufactured with top-quality red brass and EPDM rubber components to ensure maximum longevity and performance.
- **Water District Compliant**
Non-potable quick couplers meet all requirements of updated water district standards and current recycled water best practices.

Quick Coupling Valve Varieties

A. Locking Type

Non-Locking Lid – Standard non-locking lid style

Locking Lid – Prevents vandalism and unauthorized access

Spring Loaded Covers – Stainless steel springs protect the quick coupling valve's components and ensures closing

B. Lid Type

Yellow Lid – Reinforced lid for potable systems

Purple Lid – Reinforced purple lid identifies a non-potable system

C. Body Type

One-Piece Body – Standard body type

Two-Piece Body – Allows for maintenance while system is pressurized

D. Slot Type

Single Slot – Standard connection style

Double Slot – Improves key engagement and sealing

Affordable Prices, High Quality Materials, High Quality Engineering

- Wide range of quick coupler solutions
- Durable design
- Water district compliant
- 150+ PSI Pressure Rating

3/4-Inch Quick Coupler Valves

Description	Rain Bird	Landscape Products	Key	Hose Swivel
